BOB MARLEY

Originally from Maine, Bob Marley began performing stand-up comedy in his hometown of Portland. He moved to Boston early in his career, gaining experience in a city known for spawning comedy all-stars. He now has a weekly radio call-in segment with several radio stations around the country called, "The World According to Bob." Winner of this year's XM/Sirius "Super Bowl of Comedy," he continually makes new fans around the country. In September of 2010, Bob broke the record for the world's Longest Stand-Up Act, performing for 40 hours at the Comedy Connection in Providence, Rhode Island and raising over $12,000 for the Barbara Bush Children's Hospital. His most recent special, "Wicked Funny," was shot in front of two sold-out crowds at the Palace Theater in Manchester, New Hampshire.

Making his first television appearance on Comedy Central, he is now one of the few comics to do the complete late night circuit including "The Late Show with David Letterman," "The Tonight Show with Jay Leno," "Late Night with Conan O'Brien" and "The Late Late Show with Craig Ferguson." He has also appeared on more than 100 television shows including VH-1's "Super Secret Movie Rules," Comedy Central's "Premium Blend," "USO Comedy Tour" and "Comedy Central Presents: Bob Marley," Bob's half-hour special.

Many movie fans will recognize him from his appearance in the cult favorite movie, *Boondock Saints* and the highly anticipated sequel released in fall of 2009, *All Saints Day*. Bob co-stars with Willem Dafoe, Sean Patrick Flanery and Norman Reedus (as the McManus brothers), Billy Connolly (ll Duce), new female lead Julie Benz (Rita on Showtime's 'Dexter') , brat packer Judd Nelson and film legend Peter Fonda.   His comedic take on "Detective Greenly" inspires fans to constantly approach him and quote lines from the film. Bob Marley brought back the always funny and incredibly wrong Detective Greenly, in a much larger role in the second film. Audiences are in for a treat whether they catch this Mainer's act on stage or on screen.
